### EDUCATION

#### **South East Technological University, Carlow | 2025–2027**

*Bachelors in Computing in Interactive Digital Art and Design*

Studying abroad was a big step for me, going outside my comfort pushed me forward. I learn new things, meet new people and find new opportunities.

Some of my subjects are:

- Programming
- 2D Digital Art
- Communication Skills.
- Design

#### **Secondary industrial school and Higher Proffesional School • Brno, Czech Republic | 06/2022**

*Engineering*

I graduated in the field of mechatronics and during my studies a learned skills such as:

- basics of engineering, from operating lathes to CNC programming
- learning how to work with various programs, such as SolidWorks and Autocad
- designing technical drawings both in pencil and in various programs (SolidWorks)
- creating 2D and 3D models of different components in SolidWorks
- work school experience in engineering company KovoKachlik, where I mostly operated CNC and lathes

### PRACOVNÍ ZKUŠENOSTI

#### **Barback | 09/2023–04/2025**

*Elmpark Ltd., The Barracks*

I worked for The Barracks throughout my studies in Carlow, and learned multiple skills. I was trained to work as a bartender, completing the training successfully.

My job consisted of many duties, such as:

- Keep sure of high standard of cleanliness of the bar, floor areas and toilets.
- Setting up of bars before service and keeping them maintained, such as stock levels during service and cleaning
- duties after service.
- Managing the storage areas.

#### **Warehouse Worker | 03/2023–08/2023**

*Kubi, spol. s.r.o.*

I worked for Kubi as warehouseman for several months, and in this time I learned multiple skills, such as:

- preparing goods for delivery
- packaging those goods to send to customers
- operating machine for printing labels and editing those labels in programs such a Corel Draw
- communicating with customers
